SCHOOLS HERE WIN PRAISE OF FIRE MARSHAL

Cpl. James Reagen, state fire marshal, who was in charge of Thursday's fire drills and boiler inspections in the Gettysburg schools, told local officials he plans to put out a state report praising the local schools.

The state official told Gettysburg Fire Marshal Donald Jacobs that "in all of the inspections I have made throughout the state I have never seen children behave better during fire drills than I saw here today; nor have I ever seen cleaner boiler rooms in the state."

Jacobs said the boiler rooms in the local schools were in "perfect shape, there wasn't even a cardboard box in one of them." The school children he said "each year seem to improve. I'd call their drills perfect."

Reagen promised to set up a different program for each Gettysburg school next Fire Prevention Week because "I believe the schools here are so far advanced that they can do more than the usual schools."

Jacobs said the state fire marshal agreed to take over the inspection this year because of the high praise he heard of the local school from Jacobs following last year's drills. At that time, Reagen said: "I'd like to see those schools if they are as good as you say they are. Let me know when the drills are." Jacobs notified Reagen and he came here specially to conduct the inspection.

Trails Of History

HARRISBURG (AP) — Pennsylvania is considering designation of a statewide network of scenic routes to attract tourists.

"They will be called the trails of history," Secretary of Forests and Waters Maurice K. Goddard said Thursday, adding: "A network of 20 routes running from border to border will enable the motoring family to make a trip for an afternoon, a weekend or a week."

"The routes will be stones showing the traveler the way. Each route will have a name such as the Susquehanna Trail, the Allegheny Trail, the Washington Trail, and so on."

"It has been estimated that 48 per cent of American vacationers spent their time touring by car. The purpose of this tourist route system is to see that Pennsylvania gets her share of this tourist business."

Overdue Bill Payments Ease Money Strain Of Hospital

Directors of the Annie M. Warner Hospital drew encouragement from the reports submitted at their October meeting in the board room of the hospital Thursday night, indicating that the financial pressure on the hospital is eased slightly.

Collections on old accounts have enabled the hospital to reduce the loans made by county banks, to meet day to day operating requirements, by nearly \$3,000.

The reports pointed out, however, that the loans still aggregate collection efforts. Amicable arrangements are being made daily to liquidate a number of overdue accounts. Directors were informed that every effort is being made to affect settlement before legal action is taken.

Another encouraging report was that occupancy has increased and that the hospital in September was 80 per cent occupied as compared with the low census of 55 per cent that characterized the earlier months of the year.

BETTER COLLECTIONS

Current collections have vastly improved, the directors were informed, with the result that, with overdue accounts disposed of by bank loans, the hospital is now discounting its bills.

President John D. Teeter, Secretary Ted Tussing and Treasurer Philip M. Jones expressed satisfaction in their respective reports over the progress that is being made.

"We are appreciative of the response that has been made to the problems of the hospital and, if we receive the co-operation of those who have long been indebted to the hospital, we are confident that we can restore the financial stability that is essential to the well being of any hospital."

EARNED INCOME

"The small progress we have already made proves that this problem can be worked out amicably if we receive co-operation." (Continued On Page 12)

Pontiff Warns Leaders To 'Give Ear To The Anguished Cry Of Peace' From World

By EUGENE LEVIN
VATICAN CITY (AP) — Pope John XXIII warned the world's leaders today that they "will one day have to account for their actions to God." He appealed to them to "give ear to the anguished cry of 'peace, peace' which rises up to heaven from every part of the world."

"May this thought of the reckoning that they are to face spur them to omit no effort to achieve this blessing, which for the human family is a blessing greater than any other," the pontiff said.

The 80-year-old ruler of the Roman Catholic Church spoke at a special audience for the envoys sent to the Vatican by 85 governments for the opening of the Roman Catholic Church's 21st Ecumenical Council.

"ACCOUNT TO GOD"
With Michelangelo's awesome "Last Judgment" as a backdrop, the pontiff told the envoys assembled in the Sistine Chapel that war today would "mean the destruction of humanity." He called attention to the vast fresco, "the seriousness of which gives one much food for thought" and warned, "We must indeed render an account to God."

Court Orders President's Brother To Undergo Quiz

MONROE, La. (AP)—A federal judge has ordered U.S. Atty. Gen. Robert Kennedy and his top civil rights aides to prepare to answer questions of a Louisiana attorney November 1 in Washington concerning southern voting cases. U.S. Dist. Judge Ben C. Dawkins Jr. issued the order Thursday at the request of Atty. William Sharr. He gave Sharr permission in April to take a deposition from Kennedy, but Sharr said Kennedy had been uncooperative in setting a date.

It was believed this was the first time the attorney general has been ordered to give a deposition in a civil rights action.

Sharr said he wants to ask why the federal government pays so much attention to southern voting cases while, he said, ignoring reports of vote frauds in such northern cities as Chicago and Philadelphia.

Sharr is the attorney for the Ouachita Citizens Council, which was named as a defendant in a federal suit alleging discrimination in the purging of some Negroes from voting rolls at Monroe.

3 BUILDINGS BURGLARIZED

Burglars broke into three places and attempted to enter a fourth Thursday night or early this morning but apparently secured nothing from the burglaries.

Borough Police Sergeant Daniel Miller said someone broke a rear door at the Snack Shack on York St. and entered that structure. A cigarette machine had been left open and the local police sergeant said he was awaiting the arrival of the maintenance man to determine whether anything was taken from the machine. Nothing else seemed disturbed in the structure, the officer said he was told.

At the Keefeauver school someone broke open a door on the north side, prying the door and breaking the latches. Again while it was evident someone had been in the school, nothing was immediately found to have been removed.

GARAGE ENTERED

At Dave Oyler's garage at 650 York St., a back window was broken and someone was in the place but nothing was missing. At the Kuhn service station on York St., someone attempted to pry open the large doors at the front of the station but had been unsuccessful, Sgt. Miller said.

Monday night or early Tuesday morning a burglar broke into the Mann Atlantic station on Chambersburg St. and secured a sum of money from a cash drawer. The same night someone attempted to pry open a door at Chritzman's jewelry store, Chambersburg St., but failed to gain entry.

State police were also believed to be investigating a reported burglary, but no details were immediately available.

\$205 Auto Crash On Keckler's Hill

Damage totaled \$205 when two cars collided Thursday evening at 5:15 o'clock at the intersection of the Biglerville Rd. and the road atop Keckler's Hill.

State police said Earl A. Sanderson, 32, Gettysburg R. 3, driving a station wagon, sought to turn from the Biglerville Rd. into the Keckler's Hill Rd. in the path of a southbound sedan driven by J. R. Payne, 61, Biglerville R. 2.

Police said Payne sought to swing into the road to avoid the accident and the left front bumper of the Sanderson vehicle struck the side of the Payne car, causing \$200 damage to Payne's auto and \$5 to Sanderson's.

WIDOW WON'T GET DAMAGES JURY GAVE HER

Mrs. Gertrude M. Wood and two children of Roanoke, Va., and John C. Davis, Washington, will not receive the \$43,000 an Adams County jury thought it was awarding them when it returned a verdict last February 28, according to an opinion of the Adams County court Thursday.

At that time the jury hearing the trespass actions brought by Mrs. Wood and Davis against A. B. Seifert and Son, John H. Hamshire Inc., Metropolitan Edison Co., and Gettysburg College awarded Mrs. Wood and her children \$35,000 damages and Davis, \$8,000 damages and directed that the amounts should be paid by John H. Hamshire Inc.

Hamshire had been the direct employer of Mrs. Wood's husband who was killed, and of Davis, who was injured, when a metal pole being used by Wood touched an electric wire and the two men were hurled to the ground from the roof they were placing on the new college dining hall. The incident occurred in 1957.

While the jury did not know it, their verdict against the Hamshire Co. could not be paid because Hamshire had already paid sums in the two cases through the Maryland Workmen's Compensation Insurance.

The two appealed the verdict of the jury. The Adams County (Continued On Page 3)

SIXTH GAME POSTPONED

SAN FRANCISCO (AP)—Baseball Commissioner Ford Frick today postponed the sixth game of the World Series between the San Francisco Giants and the New York Yankees until Saturday noon, PDT because of rain and wet grounds.

Frick made his decision at 8:41 a.m., after a brief tour of the soggy turf of Candlestick Park, home field of the Giants.

It was raining when Frick made his inspection tour, and winds of 40 to 60 miles an hour were raging through the area, a point of land in San Francisco Bay.

The seventh game of the series, if it is necessary, will be played Sunday at noon. The Yankees lead the series three games to two.

BLAST SENDS ROCKS THRU HOUSE ROOF; 3 ARE HURT

Mrs. Viola A. Spealman, 51, and a son, Dwight, 9, who reside near the new highway construction along the Hanover Rd., were treated at the Warner Hospital Thursday evening for injuries reportedly received when rocks from a blasting operation nearby went through the roof of the Spealman home.

The local ambulance was sent to the home of Belford Spealman about 6 o'clock when a neighbor called for help for the injured persons. The ambulance crew took Mrs. Spealman and two of her sons to the hospital. The other son did not require hospital treatment.

Mrs. Spealman suffered a mild cerebral concussion, multiple lacerations of the forehead, left shoulder, left upper arm and contusions of the left side of the forehead and had a small piece of glass in her forehead, according to the hospital report.

HIT SPEALMAN ROOF
Dwight Spealman received treatment for minor lacerations of the forehead, left side of the nose and chest. No report was available on the other son.

The incident reportedly occurred when a blast was set off on the new highway construction. Mrs. Kenneth Selby, who resides across the Hanover Rd. from the Spealman home, said she was watching from a window when the blast went off and that the rocks "came up in great numbers. I thought for sure they were going to hit our house this time, but while some fell in our yard, they did not hit our house, but some fell on the Spealman roof. Some went on beyond our house."

Mrs. Selby said that in prior blasts rocks hurled out by the explosions have damaged shingles on the roof of the Selby home, have broken a cellar door at her home and have gone through the roof of a garage at the Marvin Dubbs property nearby.

She said the injuries to the Spealmans marked the first time to her knowledge anyone had been hit by the rock during the blasting.

JUDD SEARCH HERE ENDS AS COUPLE IS OK'D

A New York couple, who formerly resided in this area, had a disturbing experience here Thursday evening — while State Police were a bit embarrassed.

The incident began in East Berlin. There a minister had seen a picture of escaped trunk murderer Winnie Ruth Judd in Wednesday's edition of The Gettysburg Times.

When a man and woman stopped at his church to make inquiries he felt that the woman looked familiar. He talked to East Berlin police, who showed him a picture of Mrs. Judd, who escaped earlier this week from the Arizona State Hospital where she was confined in connection with the 1931 murder.

SEARCH TURNS HERE

The minister was certain that the woman he had seen in the New York licensed car was very similar in appearance to Mrs. Judd.

State police were notified and there was excitement among officers in four counties for a little while afterward. Persons who had seen the couple in East Berlin believed they were headed toward York and the search extended in that direction.

Other reports were received and it was determined that the New York car was headed toward Gettysburg. State troopers stopped the vehicle and its frightened occupants with drawn pistols, not sure what might happen.

IDENTITY ESTABLISHED

A check of the couple soon disclosed their names and the fact that they knew a number of people in this area. A check with the local people completed the identification.

State police expressed their apologies. The couple were equally sympathetic with the officers' problem.

Police are also of the opinion that the New York woman looks much like the picture of Mrs. Judd released nationally in connection with her escape.

BIBLE STATES MOSES DID NOT CROSS RED SEA

PHILADELPHIA (AP) — "When God began to create the heaven and earth," begins the new Jewish Bible in one of several striking changes of the book, the first ever translated into modern English directly.

The new Bible, known as "the Torah, the five books of Moses," which will be published Jan. 28, says Moses didn't really cross the Red Sea.

It revises the Third Commandment to condemn perjury, not profanity of God's name.

Dr. Harry M. Orlinsky, editor-in-chief of a committee of Bible scholars who worked eight years on the \$250,000 project, said Thursday in announcing the new book that the most striking change is in the revision of the Third Commandment.

NOT SWEAR FALSELY

Formerly, "Thou shalt not take the name of the Lord thy God in vain," it now reads, "You shall not swear falsely by the name of the Lord your God for the Lord will not clear one who swears falsely by His name."

The old interpretation improperly implied an injunction against profanity, said the editors, whereas the Hebrew reveals the commandment as concerned with perjury.

Dr. Orlinsky said the reason for the first words of the new Bible—"When God began to create the heaven and earth"—being phrased in such a way that it eliminates the inaccurate implication that eternity began when God made the earth. The old version, published in 1917, started, "In the beginning God created the heaven and the earth."

THREE VOLUMES

As for Moses, the new book says he led the children of Israel out of Egypt through the parted waters of the Sea of Reeds, a marshy area near the Red Sea and not far from the present Suez Canal.

The Torah, containing Genesis, Exodus, Leviticus, Numbers and Deuteronomy, will be published by the Jewish Publication Society of America, a nonprofit education institution. It is the first of three scheduled volumes of the Holy Scriptures, commonly known together as the Old Testament. The other two—prophets and writings—are to be completed by 1975.

English Cafe Is Traffic Jam Key

GRANTHAM, England (AP)—A fine new highway curves round the edge of Grantham, but long-distance truck drivers ignore the bypass and continue to clog the town's narrow main street.

Investigating officials found they like to eat at Tony's Cafe, where a plate of eggs, chips and tomatoes sells for 3 shillings—42 cents.

"I'd rather get stuck in any traffic jam than miss a good fry-up at Tony's," said John Welsh, "Most of the lads think the same."

The authorities have persuaded Tony to move his cafe to a site on the highway.

BEAMER TRIED

(Continued From Page 1)

H. F. Dieterly, for \$149.72 cashed by H. G. Armistead 5 and 10, and two other checks signed by "New. ton Young" and made out to H. F. Dieterly as for "pay" or "over-time pay" for \$59.15 and \$89.72 cashed by Kenzie's Markets.

"BORROWED CHECKS"

Dieterly admitted writing the checks. He told the jury that he had met Beamer and Hazel Herman in York on July 26 and that the three had come to Gettysburg. He said that he and Beamer were drinking in a Chambersburg St. tavern when Beamer asked if Dieterly had any money. Dieterly said he had only a "couple of dollars." According to Dieterly, Beamer then asked him "Can you get any?" I said: Only if I cash a check. I told him I didn't have any checks with me.

Dieterly said Beamer then went to the shoe repair store of Thomas George nearby and secured checks for him. George testified that Beamer had come in and asked if he could borrow a check. George said he tossed a check book to Beamer and Beamer took several. George said Beamer then tossed a dollar bill on the counter and when George asked what it was for said it was for the checks. George said he told him the checks cost nothing.

CASH CONFISCATED

Dieterly told of cashing the checks by making purchases of groceries, clothing, etc., and then presenting the checks, taking the change. He said he gave Beamer part of the amounts from the various checks he cashed and left the groceries that he bought in the car Beamer was driving.

Beamer argued that Dieterly had told him of an amount he had in a bank and assumed that Dieterly was writing the checks on his own bank account.

The case was scheduled to go to the jury this afternoon following the charge by the court.

The court Thursday directed, confiscation of \$86.19 taken by police in connection with the raid on a carnival here last summer.

Writes Poems On Purple Beech Here

Mrs. Katherine D. Marko, Elgin, Ill., was so impressed by the splendor of the purple beech in the Gettysburg National Cemetery, while she was on a recent visit here, that she was prompted to write a poem. It is titled: "The Purple Beech" and reads as follows:

'Midst Gettysburg's most honored dead,
Scene of the "Four-score" speech,
There stands in tall dark majesty
A mighty, purple beech.

Companion trees of other hues,
Of every span and reach
Can in no way detract from it —
The giant, purple beech.

Though foreign in its origin,
No worthier could beseech
Its presence than those silent dead
Beneath the purple beech.

New Oxford Auto Damaged In Crash

The impact Officer Brown said, hurled the Laughman vehicle into a car driven by Kenneth Stough, Spring Grove R. 3, causing the latter to collide with the car of Richard C. Lawrence, Spring Grove.

PHILADELPHIA (AP) — A 62-year-old workman repairing a section of brick work on the Terminal Commerce Building was killed Thursday when falling bricks knocked him from a scaffold. George Fisher, 62, of Clayton, N.J., an employee of the Jack Hassler Scaffolding Co., fell five stories to his death. Joseph Broderick, 32, a helper, said a four-by-five foot section of brick toppled out, carrying Fisher off the scaffold. The scaffold remained steady.

WIDOW WON'T

(Continued From Page 1)

court today handed down opinions in the two appeals in which it denied the appeals on the grounds that the plaintiffs had not objected at the time to the seating up of questions which were answered in the affirmative by the jury. The court held that a person cannot later complain of an action to which he had agreed during the trial. To permit such appeals

would put a person in the position where he could allow something which might be to his benefit and then later, when it proved not to be to his benefit, take advantage of the situation, the court said.

The court held that the "real complaint" on which a new trial was sought was "that the jury did not bring a verdict against Metropolitan Edison Co., which was the only defendant from which they could collect a verdict."

FIFTEEN YEARS AGO

The largest attendance in the history of the church is being recorded at Elias Lutheran Church, Emmitsburg, the Rev. Philip Bower, pastor, announced today. The special services are being held in connection with the 150th anniversary of the building of the church. A community service was held Wednesday night and this evening Dr. A. R. Wentz, president of the Lutheran Theological Seminary, will speak at an anniversary missionary service in the church.

Camp Up For Sale: Camp Sharpe, one-time CCC camp and camp, was up for auction this afternoon. Auctioneer G. R. Thompson began his labors at 12 noon from the former headquarters building. While about 200 cars and trucks, almost as many as there were people, filled the woods about the camp, Thompson began the sale by putting up for bids such things as fire extinguishers, chairs, electric switch and fuse boxes and other smaller articles. Everything will be sold, including the buildings.

Protectory To Get Funds: Roman Catholic charities receive a large part of the estate of Mrs. Gertrude Hemler Tracy, late of Harrisburg, widow of David E. Tracy, former president of the old Harrisburg Pipe and Pipe Bending company, according to a will filed for probate at the Dauphin County Court House. The estate is estimated "300,000 and upwards" in personal property and \$5,000 in realty, although unofficially it is said that the estate may exceed \$1,000,000. The Paradise Protectory at Abbottstown will receive in excess of \$100,000 in trust funds.

A surprise birthday party was held at the Hotel Gettysburg Wednesday evening for Miss Margaret Howard, East High Street, and Mrs. Harry Stout, Hanover street.

First War Dead: A gray transport slips through the mists of the Golden Gate today with the bodies of men who died in World War II — the first to fall and the first to come home. A nation's grateful tribute awaited the first funeral ship returning the war dead — most of them victims of Japan's attack on Pearl Harbor which sowed American cemeteries all over the world. The transport Honda Knot, inbound from Honolulu, carried 3,028 bodies. In addition to the Pearl Harbor dead, the ship also bore some who died in later battles in China, India and Burma. In all, nearly 300,000 Americans lost their lives in World War II. Among the bodies aboard the Honda Knot is that of Lieutenant (jg) Delbert L. Gideon, whose widow, Mrs. Sara Black Gideon, resides at 410 Baltimore street. Lt. Gideon, who was in the Navy for 17 years, died July 31, 1944, in a plane crash somewhere in the Pacific. He was first reported missing and later was said by the Navy to have been killed in the crash which occurred to a plane flying from an unidentified Pacific base. Nine naval and three army officers and a crew of six were either killed or missing in the smash-up. In a letter sent at that time to Lieut. Gideon's widow, a Capt. Philip R. Kenney praised Gideon's long and outstanding career in the Navy. He served in several Asiatic stations including Shanghai and Manila for two years, spent two years on Corregidor and two years at Washington, D. C., before being assigned to the area in which he was killed. Surviving are his widow; a son, George William Gideon, who was eight months old at the time of his father's death, his parents, six sisters and a brother. The body was originally interred on a Pacific Island. Lieut. Gideon will be buried in the Gettysburg National Cemetery.

Today's Talk

YOU ARE A MESSENGER

I am thinking of you who read this. Of course, I don't know who or where you are. It doesn't matter. For each of us lives in a "Time Element."

This is my message to you — You are a messenger!

You have a really important piece of work to be done in this world. If you don't realize it, you are nothing; if you do, you are bound to be somebody.

You are an especial interpreter of the world — from your viewpoint. Which by the way, is a viewpoint not duplicated by a single other being!

So, realize your power — your personal ability.

You dare not hesitate. You dare not weaken. You dare not give up or shove to another that which you alone are able to do. For, don't you see you are a messenger. And messengers must carry something. You must carry a message.

Let this be your message — to carry yourself — to people.

I would like to see the message of the bootblack, the elevator boy, the mail carrier, the bus driver, the store clerk, the policeman, the janitor — the waitress, given over to the world to think about. Wouldn't they make us think?

The world is waiting — for your message.

But you must speak it plain and loud enough to be heard through "the huge roaring Niagara of things."

Tomorrow Mr. Adams will talk on the subject: "Make The Best Terms"

ABOUT MUSIC

I'm never a symphony goer, For it's nothing of music I know.

It may be I'm queer, but I haven't the ear For the tones of the fiddle and bow.

A false note I cannot distinguish, A flat tone I never can mark. And I don't understand any opera grand,

But I do like a band in a park.

It is something I've always regretted.

With a genuine sorrow I've sighed

That the rapture profound of melodious sound

Is a thrill that to me was denied.

The high flights of music elude me, Of their meaning I'm left in the dark;

Although many he charms, I am unmoved by Brahms,

But I do like a band in a park.

It is strange as I think it all over

How the blessings and benefits fall.

The Lord has designed countless gifts for mankind

But no one may gather them all.

To the greatest of arts I am barren,

Of its fire I lack even a spark,

And I often renege that such joy isn't mine,

But I do like a band in a park.

It's a curious fault that I carry

To be deaf to the great symphonies,

And yet I can find a contentment of mind

In the sound of the wind in the trees.

Knowing nothing of intricate music,

I can thrill to the song of a lark,

And the waves as they roar at my feet on the shore,

And I do like a band in a park.

JAMES POWERS HEADS LEGION

LAS VEGAS, Nev. (AP)—The American Legion's 44th annual convention broke camp today after having passed resolutions: Demanding U.S. military action against Cuba.

Asking a probe of whether this country should stay in the United Nations.

Asking for a constitutional amendment permitting prayers in public schools.

The convention's big day Thursday featured a fighting talk by former President Harry Truman, who called Communists "the biggest bunch of liars in the world."

The gathering was marked by its closest commander's election in 14 years. James Powers of Macon, Ga., won it.

The most controversial matter discussed dealt with school prayers.

The resolution, adopted after a one-day delay and spirited debate on both sides, asked Congress to pass a constitutional amendment permitting prayers in public schools.

The Legionnaires acted in complete agreement, however, on foreign relations recommendations. They criticized the Kennedy administration for failure "to take more effective action to remove the Communist menace posed by the Castro regime."

The Cuba resolution recommended military force against Castro, including unilateral action if necessary, to get rid of the Communist government.

87th Congress Hands JFK Mixture Of Wins, Defeats

By JOE HALL

WASHINGTON (AP)—The feuding and fighting 87th Congress has handed President Kennedy a mixed bag of victories and defeats in his first two years in office.

Administration leaders, claiming a 70 per cent record on adoption of the Kennedy program, declared that the trade expansion bill was enough itself to assure the 87th high marks in history.

They pointed also to the drug regulation bill and the manpower retraining act of this session and the Social Security, housing, minimum wage and depressed areas bills passed last year.

LOSERS ON KEY BILLS

But despite these successes and the passage of many other important measures on his list, the President was forced to accept the rejection of several of his key proposals by the heavily Democratic Congress.

His health care plan for the aged under Social Security was killed and his entire education program, with a broad range of measures, went down the drain.

Congress refused to create an urban affairs department. Other measures designed to benefit the rapidly growing cities, such as the \$500-million mass transit bill, were shunted aside.

TWITTED BY GOP

Even while Congress was struggling to close out its marathon 1962 session—one of the longest ever held in an election year—Kennedy was taking to the stump to urge election of more Democrats.

Republicans twitted him about this, insisting it was Democratic feuds which kept Congress here for many frustrating extra days. Congress voted to back up Kennedy on any action he might deem necessary on Cuba and Berlin, and in both sessions it gave him authority to call up large numbers of military reservists.

SOME NOTABLE LOSSES

But he did not fare so well on his foreign aid requests. Congress voted just under \$4 billion each year; this was \$850 million less than he asked in 1961 and more than \$1 billion below his request this session.

On civil rights, the President lost on his key proposal aimed at abuses in state literacy requirements on voting. But Congress did submit to the states a constitutional amendment to ban the poll tax in federal elections.

Kennedy was forced to accept a watering down of many of his recommendations to save parts of them.

He struggled long and hard in his attempt to win strict controls over production of feed grains and wheat. In the end he had to take a temporary voluntary program

on feed grains and a delay to 1964 for new curbs on wheat.

MAJOR BILLS PASSED

These were the major bills passed in the 1962 session:

Trade expansion with far-ranging presidential powers to cut tariffs and to work out new economic arrangements with the European Common Market.

Tax revision with a \$1-billion business modernization incentive feature and several loophole-closing provisions.

Drug regulation containing new controls on sale and manufacture of prescription drugs.

A \$435-million manpower retraining program to try to teach new skills to 1 million jobless workers.

Postal rate increases of \$600 million, including a penny rise on letters and airmail, coupled with a \$1 billion pay boost for 1.6 million federal workers.

LAST YEAR'S LIST

These were important measures enacted in 1961:

An increase in the minimum wage from \$1 to \$1.25 an hour, plus coverage for 3.5 million more workers.

A \$394-million depressed areas bill to try to create new jobs in communities with high, persistent unemployment.

A Social Security measure lowering the retirement age for men to 62, boosting the minimum monthly check from \$33 to \$40, and raising widow's benefits 10 per cent.

A \$5.6-billion housing bill setting up a new program for middle-income families, authorizing 100,000 additional low-rent public housing units, and carrying \$2 billion for urban renewal grants, and \$1.2 billion for college dormitory loans.

A highway bill authorizing an additional \$11.5 billion to complete the 41,000-mile interstate system by 1972 and levying the needed taxes.

TOP CASUALTIES

These were the top casualties in the Kennedy program:

The health care program for 16 million persons over 65, to be handled largely under Social Security.

The \$2.55 billion aid bill for public grade and high schools. A religious controversy over aid for church schools was a major factor.

The \$2,674,000,000 college aid bill

The \$925-million medical education bill.

Three other major education bills—a broadening of the 1958 national defense education act, a \$748 million proposal to improve quality of teaching, and an adult education bill aimed at illiteracy.

The literacy test bill.

Standby powers to cut taxes to fight economic recessions.

Creation of an urban affairs department.

The \$500-million mass transit bill.

Other legislation passed this year included:

The \$100-million United Nations loan.

Creation of a commercial corporation for development of a communications satellite system under private enterprise.

Authority for a \$900-million emergency public works program to create jobs in distressed communities.

A \$308-billion temporary public debt limit, an all-time high.

Weather Permitting, Yanks Expect To Wrap Up Series Today; Odds-makers Agree

By JOE REIHLER

Associated Press Sports Writer

SAN FRANCISCO (AP) — Neither rain, nor hail nor wind, all of which were predicted for today's scheduled sixth World Series game between New York and San Francisco, could prevent Manager Ralph Houk from forecasting a world championship for his Yankees in six games.

Undaunted by Manager Alvin Dark's choice of Billy Pierce as the Giant pitcher and cognizant of the veteran left-hander's 12-0 record at Candlestick Park, Houk confidently expected the Yankees to wrap it up today—weather permitting—behind the left-handed slants of Whitey Ford. The Yankees lead the series, three games to two.

"I expect Ford to beat Pierce," Houk said Thursday picking Whitey over Bill Stafford, although it was the young right-hander's turn in the pitching rotation.

"GOING WITH BEST"

"I'm going with my best and let the chips fall where they may," added Houk. "I'm not underestimating Pierce. It will be a tough battle but Whitey should win. He's fit and ready. I know Pierce hasn't lost here yet. But neither has Whitey. Remember he beat the Giants in his only appearance here."

Houk was referring to the opening game in which Ford scattered 10 hits and won 6-2 with left-hander Billy O'Dell the loser.

The odds-makers supported Houk's victory claim. They have established the Yankees a 13-10 chance to win today and a 7-2 favorite to win the series.

BIGGEST ODDS ON RAIN

The odds were even greater against the game being played today. According to the Weather Bureau, there was a 90 per cent chance of rain. Warnings of 30 to 45 miles an hour wind have been posted.

It was felt in some quarters that a postponement would prove beneficial to the Giants. A day's delay would give Ford four full days' rest and it has been Houk's contention that Ford is at his sharpest with only three days' rest.

By the same token, a rainout would enable the Giants to come back with Jack Sanford, their right-handed ace, with sufficient rest for the seventh game, if one is needed.

CHANGES BY DARK

Houk planned to start the same line-up he has used in every game but the second when injuries forced the benching of first baseman Bill Skowron and catcher Elston Howard. Skowron underwent treatment for a shoulder and hand injury Thursday but Houk said he would be in the lineup.

Dark, who has been shuffling his line-up from game to game, made another change. Because of the left-handed opposition, he restored the right-handed Harvey Kuenn in left field in place of Matty Alou, with Felipe Alou switching to right field, and returned Orlando Cepeda to first base, replacing Willie McCovey.

Like Houk, the Giant pilot appeared confident of victory in the sixth game.

NEVER BEND IN \$125,000 RACE

By THE ASSOCIATED PRESS

Never Bend, winner of five of his seven starts and never out of the money, seeks to strengthen his claim to the 2-year-old championship Saturday in the mile of the \$125,000-added Champagne Stakes at Belmont Park.

The Cain Hoy Stable's Never Bend, who'll be ridden by Manuel Yzaca, is expected to have six rivals. With seven starters the race will gross \$189,650 with \$129,650 going to the winner.

Never Bend won the Futurity and the Coddin at Aqueduct in his last two starts.

The Greentree Stable's Outing Class, winner of the Hopeful at Saratoga, was second in the 6½ furlongs of the Futurity, closing with a rush. He'll be ridden by Willie Shoemaker.

Other probable starters are Master Dennis from the Harbor View Farm, the Wheatley Stable's Bold Commander, Philip Dugrey's Sum Dum Kid, T. E. Brittingham's Valiant Skool and W. E. Britt's Slipped Disc. Each starter will carry 122 pounds.

NEW ATHLETIC FIELD DONATED BY CHM UNIT

A new regulation-size athletic field will become a reality for Musselman High School, Inwood, Va., through an appropriation of funds for that purpose by the Musselman Foundation. Announcement of the gift was made jointly by John A. Hauser, president of the Musselman Division, Pet Milk Company, Biglerville, and Howard W. Collins, President of the Berkeley County board of education.

First step in the development of the field was the purchase by the foundation of 12 acres of land adjacent to the high school from Mrs. W. N. McClung, Inwood.

The new football field and track will be designed to conform with the quarter mile track supplement to the National Alliance Track and Field Rules. Included will be an adequate parking area, a chain link fence surrounding the field and lighting facilities for night athletic events.

The grant by the Musselman Foundation gave rise to additional public spirited action when Mrs. McClung announced that she would "give, not sell" both a 30-foot entrance and a similar exit from Route 11 to the new field, each driveway being about 300 feet in length. Mrs. McClung, who resides near Inwood, is well known in the area for her interest in community affairs especially in the field of education.

AWARD CONTRACT

Further local interest in the project was shown when Mr. and Mrs. J. A. Prather, Pikeville, granted to the school a 30-foot right of way across the railroad spur which bounds the south side of the new field, thus making present facilities and the newly acquired land into a complete unit.

Contract for the project was awarded to W. Harley Miller, Martinsburg, with responsibility for all grading, construction of driveways and parking area, seeding, purchase of lighting equipment and enclosure fence. Target date for completion of the project is June 1, 1963.

The athletic field is another forward step in the development of Musselman High School which had its inception when the building was erected in 1950 with funds appropriated by the Musselman Foundation. In 1954 a gymnasium and additional classrooms were added through joint financial support between the Berkeley County Board of Education and the Musselman Foundation.

Wilson, 66, and Veeck, 48, won in a poll of the Illinois Associated Press Sports Editors' Association which sponsors the hall. They won over such close contenders as Joey Ray, Ray Schalk, George Musso and Hack Wilson.

Veeck, who has made a career of operating major league baseball clubs, was the top vote-getter with 15 first place ballots.

KENTUCKY VS. DETROIT TOP GAME TONIGHT

By JERRY GREEN

Associated Press Sports Writer
DETROIT (AP)—No longer is the University of Detroit so anxious to climb into football's big time. All the Titans want to do is win a game, beat anybody.

Kentucky, a rival scheduled when Detroit was a bit more ambitious—and successful—invades Titan Stadium tonight. Licked by Army, Navy, Michigan State, Tulane as well as Kentucky in recent seasons when they had respectable records, the Titans now realize they perhaps overextended themselves.

So far this season, the Titans have been beaten by Boston College, Xavier (Ohio) and New Mexico State. Their losing streak continued from last year, is at five.

ANOTHER MISMATCH

Kentucky, like Detroit, goes into the game without a victory. But the game appears to be a mismatch anyway. The Wildcats have tied Florida State and lost close games to two powers in its Southeastern Conference, Auburn and fifth-ranked Mississippi.

The Kentucky-Detroit clash is one of three major games on the Friday night college football schedule. In the others, Mississippi State is at Tulane and UCLA bidding for a place in the top ten rankings, entertains Colorado State University.

The Uclans made an impressive season's debut last week when they spilled Ohio State, then the nation's top ranked team, 9-7 after three times stopping the Buckeye attack on the one. The upset, enough to topple Ohio State from first to tenth, still wasn't enough to get UCLA into the AP's top ten.

MORE ON SATURDAY

Eight of the top ten will be in action on Saturday, with only fourth-ranked Southern California and Mississippi idle.

Alabama the defending national champion and No. 1 again after the Buckeye bounce, should win as it pleases against Houston at home. Texas, No. 2, plays its annual Southwest war with Bud Wilkinson's Oklahoma Sooners at Dallas, and third-ranked Penn State seeks its fourth straight victory against once-beaten Army at West Point.

Louisiana State, ranked sixth, has a night game with unbeaten Miami and seventh-ranked Washington plays Oregon State at Portland. Baylor goes against eighth-ranked Arkansas, ninth-pegged Purdue faces Miami of Ohio, and Ohio State takes out its UCLA disappointment against hapless Illinois, which hasn't won a game since 1960.

BERMUDIAN IN DEADLOCK WITH DELONE SCRUBS

Despite the heroic efforts of Dave Bricker, who ran back two pass interceptions for touchdowns and stole two other aeriels, the Bermudian Springs High School varsity football team was forced to accept a 12-12 tie with the Delone Catholic junior varsity Thursday evening at McSherrystown.

Bricker put his team ahead in the first quarter when he snared a pass thrown by Henry Reese and raced 22 yards to pay dirt. "Cornny" Bedford was stopped when he attempted to run for the point.

Delone knotted the score in the second quarter when Reese connected with Bill Shrader, end, on a 37-yard pass play. Joe Gross' kick for the point was wide.

Neither team could muster enough punch for a score in the third period but both tallied in the last quarter.

BRICKER RACES 73

Bricker made his second touchdown pass interception early in the stanza and galloped 73 yards for the six-pointer. Jim Harbold was stopped when he attempted to run for the point.

The Squires staged a 70-yard drive for their second and tying touchdown late in the game. Dave Knox sweeping right end from the eight. Knox also scampered 23 yards on one carry during the assault. Gross' kick for the all-important point was blocked by Dave Bricker.

Bermudian, now 1-2-1, next meets Carson Long at New Bloomfield Saturday, October 20.

The Delone Jayvees, also 1-2-1, play at Carlisle next Thursday evening at 7:30.

The lineups:

Big Crowd Will See GHS Oppose Northern Tonight

A pair of football teams with identical overall records of 3-2 and both bent on remaining in contention in the Blue Mountain League will clash here this evening at 8 o'clock when the Gettysburg High Warriors square off with Northern of Dillsburg.

The game promises to draw the biggest crowd so far this season. Gettysburg is 3-1 in the league and Northern is 2-2.

Another outstanding attraction is scheduled for tonight at Biglerville where the Caners (2-2) entertain East Pennsboro (3-1). Biglerville is 1-2 in the Blue Mountain while East Pennsboro is the leader on its 3-0 record.

Delone Catholic (1-4) is expected to snap its three-game losing skin this evening at McSherrystown where it meets St. Francis Prep (1-2) of Spring Grove.

Littlestown (3-2) has a tough Laurel League engagement with York Central (4-1) on the latter's field Saturday afternoon at 2. Central's lone loss was a nonleague affair to strong Hanover.

BRAVES DROP 25-12 GAME TO CARLISLE

Carlisle Junior High scored touchdowns in each period to gain a 25-12 decision over the Gettysburg Junior High Braves here Thursday afternoon.

The visitors scored on the first play from scrimmage when Mosely swept right end and streaked 80 yards. A run for the point was stopped.

Don Bicke's outfit came back to knot the score on a 50-yard drive following an exchange of punts. The key play was a 21-yard pass from Charlie Raffensperger to Kit Richardson for a first down on the 10. Another pass, Raffensperger to Dennis Herring, accounted for the last eight yards. A plunge for the point was smothered.

Late in the second quarter Carlisle put on a long drive with a bootleg pass, Ehery to Raymon, eating up the last 18 yards. A placement for the point was no good.

TD ON INTERCEPTION

Gettysburg received the second half kickoff and ran the ball back to the 40. On the second play Rose intercepted a pass and raced for the visitors' third tally. Mosely circled left end for the point.

A recovered fumble by Carlisle on Gettysburg's 25 early in the fourth quarter, set up the Little Bisons' final TD which came on a 12-yard aerial from Ehery to Raymon.

The Braves staged a 45-yard drive for their final score late in the game, 10 plays being required with Mike Herring bolting over from the two.

Gettysburg, now 1-2, entertains Waynesboro East here next Thursday at 3:30.

ADVERTISE IN THE TIMES

LISTON IRKS COMMITTEE ON N.Y. BOXING

NEW YORK (AP) — Another public hearing of the New York State Legislative Committee investigating boxing has left the committee miffed and its acting chairman doubtful of heavyweight champion Sonny Liston's reported rehabilitation.

Liston refused to appear at the hearing Thursday after being invited to refute testimony made before the committee on Oct. 2 by New York heavyweight Cortez Stewart.

The refusal nettled State Sen. Frank Pino (D-Brooklyn), the acting chairman, who said:

"We are not very happy with the reply that we have received from Sonny Liston."

TAKE NO ACTION

"I think that if Mr. Liston is acting in good faith it is incumbent upon him to answer some of the statements that were made by Stewart here under oath which very definitely tie him in with the underworld as of the time that the championship fight took place."

Later, Pino said the committee must conclude that Liston still has some connection with the underworld.

However, since Liston is not licensed as a fighter in New York, Pino said, the committee can take no action against him.

Stewart had testified that racketeer Blinky Palermo had tried to hire him in Philadelphia as a sparring partner for Liston last spring when Sonny was training for his title fight with Floyd Patterson. Stewart said he did not accept because the promised pay was lowered.

MANTLE HAS ONLY 2 HITS

SAN FRANCISCO (AP)—Slumping Mickey Mantle, with only two hits in 13 at bats in the World Series, suggested today the pitchers get a little credit.

"I haven't been feeling better physically in a long time," said the New York Yankee center fielder. "I have been getting good balls to hit and I have felt good swinging."

"You have to give the pitchers credit. They have been pitching very well to us, just like our pitchers have been pitching good to their hitters."

"A lot of the so-called big hitters aren't having much of a series."

Mantle is hitting only .111 but he is doing better than Orlando Cepeda, the San Francisco Giants' slugging first baseman, who batted .066, hit 35 homers and drove in 114 runs during the regular season. Cepeda still is looking for his first hit with a horrible 0-for-12 record. Giant Harvey Kuenn, a .304 batter, also is hitless with an 0-for-8 mark.

Two backs advance.

Gettysburg will go with almost the same personnel as it has been using the first three games. Tony Presogna, Curwensville, has

Bullets Oppose Albright In Pretzel Bowl Game At Reading Saturday At 2

After blowing two games and being walloped in another for an 0-3 record to date, Gene Haas' Gettysburg College football squad will be aiming for its first win Saturday afternoon in Reading, when they tangle with Albright at 2 o'clock.

The Bullet-Lion battle will mark the 12th annual Shriners' Pretzel Bowl charity game. Albright is 1-1 on the season, losing to Lycoming and defeating Muhlenberg. The Lions were idle last week. Gettysburg has lost to Bucknell, Delaware and Lehigh.

Pregame pageantry will start at 12:15 with a parade of at least 16 school bands. Both college bands and Shrine musical organizations will take part later in the program. Special guests at the game will include Miss Pennsylvania, Miss Pennsylvania Junior Miss, and Miss Berks County.

Albright was hit hard by last June's graduation and will field an extremely young ball club. The Albright roster of 38 men includes four seniors, 14 freshmen, nine juniors and 11 sophomores. The right end, tackle and guard are named by the only seniors in the starting lineup. Two sophomores and a freshman fill three of the backfield posts.

LIONS WELL RESTED

Albright is never a team to be taken lightly and this rebuilding year is no exception. After a week's rest, the Lions will be in top shape and ready to keep their three-game winning streak in Pretzel Bowls alive.

Gerry Smith, West Lawn, is the lone freshman in the starting lineup, working at the fullback slot. Sophomore Lew Nevins, Hastings, is no Gary Chapman at quarterback, but he has come along fast and throws and runs well. Nevins is 5'9", 153-pounds. Bob Kopp, a junior letterman from Sinking Spring, will occupy the left half slot with sophomore Don Manlove, Clifton Heights, at right half. Kopp is an extremely fine runner. Freshman Tom Huntzinger, Shillington, and veteran Doug Deicke, Belmar, N. J. have also been bolstering the right halfback post.

Senior letterman Jim Huie, Temple, is considered the best of defensive linemen by Gettysburg scout Ray Reider. Reider said, "He moves quickly and certainly enjoys opening the holes." Huie is 5'9", 190-pounds and will team with Jon Paris, 5'11", 190, Junior Bob Williams, 6', 200, will anchor the center of the forward wall.

Veterans Don Rietscha, 6'3", 200, from Carrolltown, will handle the left end position with Steve Simon, 6'1", 190, on the other side. Co-captain Rod Duckworth, 6', 205-pounds from Norristown, and sophomore Bill Savage, 6', 210, will form the two tackles.

TWO BACKS ADVANCE

Gettysburg will go with almost the same personnel as it has been using the first three games. Tony Presogna, Curwensville, has

moved up to the number two left halfback slot and Ralph Sorrentino, Highland Park, N. J., has passed Ken Snyder at the right half. Both men saw considerable action against Lehigh. Dave Meixell, Caldwell, N. J., has been replacing Fred Butler, Washington, on defense at right guard and is expected to continue Saturday. Reed Ernst, quarterback, and Rick Taylor, fullback, both from Camp Hill, N. J., in the starting backfield. Parsons is still the team's leading rusher with 151 yards on 25 carries.

PAGAN HITTING .500 IN SERIES

SAN FRANCISCO (AP)—They call shortstop Jose Pagan the San Francisco Giants' iron man with good reason. He has played about 270 games of baseball annually without a vacation since 1953.

Yet none thought the 165-pounder with the wide range and good throwing arm would be the Giants' hitting hero in the World Series.

While some others talk of being tired, the little guy from Puerto Rico says, "I like to play in the big games."

He's hitting an even .500 in the series with 7 hits in 14 at bats, including Wednesday's solo home run off Ralph Terry.

"I guess I'm just lucky," he says with an accent. "And I'm feeling real good. I'm okay."

Jose estimated he played 100 games of winter league ball in Puerto Rico before reporting to spring camp. After playing the exhibition schedule with the Giants, he appeared in all but one of the 165 regular season and playoff games, and in the five World Series contests against the Yankees.

36 GOLFERS IN \$40,000 OPEN

BAKERSFIELD, Calif. (AP)—Thirty-six par-breaking golfers, led by young Dave Hill of Jackson, Mich., were crowded within a margin of four strokes today as the \$40,000 Bakersfield Open swung into the second round.

The 25-year-old Hill, fast gaining stature as a tournament performer, shot a first round 67, five under par.

One stroke back were three other pros of the younger set—Tony Lemar of San Leandro, Calif., who won over much this same field in the recent Sahara Invitational at Las Vegas; Butch Baird of Galveston, Tex., and Jimmy Powell, Yorba Linda, Calif.

The 69 bracket was jammed with seven players, including former U.S. Open Champions Gene Littler and Billy Casper Jr., Bob Goalby, Bob Rosburg and Billy Maxwell.

House Of God And Tents Of The Wicked

By REV. DONALD H. TREESE
Pastor, Methodist Church

"How lovely is thy dwelling place O Lord of Hosts! My soul longs, yes, faints for the courts of the Lord. My heart and flesh sing for joy to the loving God." The author of the 84th Psalm was the kind of religious person all of us would enjoy knowing. He is the testimony of a man who loves God. It is a love that goes beyond the words of the moment to encompass all of life.

This Psalmist possessed a truly religious outlook on life. All the experiences that are woven into life were accepted and resolved according to his religious principles. I suppose we could call him a religious pilgrim. That is, he never let his religion behind in some convenient resting place. His religious convictions went with him and according to them he lived.

HOUSES, TENTS

In a word, God and religion were permanent for him — not temporary, momentary, fragmentary. It is for that reason we hear him sing of the house of God but the tents of the wicked. "I would rather be a doorkeeper in the house of the Lord, than to dwell in the tents of the wicked." House are designed to live in permanently; tents are usually lived in only temporarily. The truth of God, the things of God endure forever; the falseness and devices of the wicked always pass away.

The skeptical man would ask the Psalmist for proof of his bold assertion concerning the house of

God and the tent of the wicked. Where is the evidence for believing that the one endures and the other falters and fails? The Psalmist would welcome, not scorn, honest skepticism. Indeed, it appears that he actually anticipated it. He answers the question for evidence with a word: Experience. My witness and my song are products of experience, personal and otherwise. Come, listen, I will show you life in all its contrasting colors. You, too, will see that the power and truth of God are sure, like a house, but the ways of the wicked are tents that are easily moved!

"NEVER ALONE"

In the first place, the ancient

singer points out that those who strive to live with God are never alone. There is a sense of companionship or guardianship to their lives. As the eye of God is on the sparrow, even more so is His eye upon them. He exclaims with confidence: "They (the godly) go from strength to strength."

In the second place, the Psalmist cites the comfort that God gives to his people in their valleys of disappointment and despair. He sings: "For the Lord God is a sun and a shield. As they pass through the valley of Baca (weeping), they make it a place of springs."

There is powerful truth in those words: No man is a stranger to

the valley of tears. No man is a stranger to the roads that lead there. And how differently men walk them! In the 1920's Gamaliel Bradford described a common mood that leads to the valley of weeping:

Of old our father's God was real. Something they almost saw. Which kept them to a stern ideal And scourged them into awe.

I sometimes wish that God were back In this dark world and wide; For though some virtues He might lack, He had His pleasant side.

Such is the wish of those who walk

alone without God. Not so, he who abideth under the shadow of a Mighty Hand. To him God is a Sun and Shield Who lovingly forgives His own and Who shines through darkness to encourage them to move toward the light of greater life and joy. He protects them from the despair of frustration, defeat and indifference. God is Hope, for in His hands are the deep places of the earth, now and for years to come.

Finally, the Psalmist testifies that the man who lives in the household of God has within his life a sense of purpose. He sees his worth in the total plan of God. He is neither cynical nor hopeless about life; he goes beyond

his own life to see himself related to an Eternal Purpose and Plan. He is not tied up and tied down to himself in a little world all his own—separate, alone, drifting in the universe aimlessly. "Blessed are the men whose strength is in Thee, in whose heart are the highways to Zion." That's purpose, that's meaning, that's direction in life.

To conclude his testimony of life with God, these words of the Psalmist are as the truth they proclaim, immortal: "I would rather be a doorkeeper in the House of the Lord, than to dwell in the tents of wickedness." What do we call our residence? A house or a tent?

NO PLACE LIKE HOME

Just for a moment, close your eyes and picture the scene in your childhood home that you liked best. Was it the music box in the front room, the grandfather clock, the large, fragrant kitchen? Whatever you are thinking of, your memory is a treasure chest of things you hold dear.

Let your mind wander further. *You will remember not only loving scenes and favorite objects, but family and friends, their ways, their thoughts, their*

talk. God and His goodness were mentioned often. Prayer was a common practice. There was faith and trust and a feeling of security.

Sunday was a special day, and all activities were centered around the church and the home.

Come back to the present a moment. The Church was home to you then! It can be your home now; a place of worship where the heart remembers and rejoices.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and

support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

JUNIOR WOMEN PLAN 2 EVENTS TO GET FUNDS

Several fund-raising events were planned at the October meeting of the Junior Woman's Club of Littlestown held on Wednesday evening in the social room of the Eagles home, W. King St. Thirty-eight members and eight visitors were in attendance.

The club will "buy out the house" for the production by the Hanover Community Players on Monday, November 12, in the playhouse there. Tickets for the presentation will be available from any club member. Mrs. Donald C. Feeder heads the committee on arrangements for the event.

A "Roaring Twenties Dance" will be held by the club on January 26, 1963, as announced by Mrs. Richard N. Greenholt of the planning committee. The place

and other details for the affair will be announced at a later date.

Mrs. Kent E. Daum, president, presided and appointed the following refreshment committee for a club sponsored Buddy Deane record hop on a future date: Mrs. William R. Keefer, Mrs. Robert B. Millheim, Mrs. Robert Morgret, Mrs. Edward L. Warner, Mrs. Jay C. Showvaker and Mrs. Malcolm B. Shadle.

BUDGET APPROVED

The business opened with the pledge of allegiance to the flag and the Junior Woman's Club pledge in unison. Miss Shirley Leister, secretary, and Miss Nancy Ooster, treasurer, gave their reports. Mrs. Joseph McMaster reported for the cheer committee that a pair of baby shoes will be sent to Mrs. Dean W. Bankert and infant daughter. A report on the tot lot was given by Mrs. Jay Showvaker, chairman of standing committee, who informed the club that the tot lot equipment had been stored for the winter months. The play equipment was dismantled early due to Halloween pranks.

The club budget was approved, following presentation by the fi-

nance committee chairman, Mrs. Warren H. Wisotzky. Mrs. McMaster reported on the directory of available baby sitters being compiled by the club. Approximately 20 girls have signed their availability and the club set a flat rate of charge at 50 cents per hour. Mrs. Jack E. Rebert was named in charge of securing a community improvement project for the contest for the club.

The Littlestown Junior Chamber of Commerce will sponsor a Halloween party for the children of the community and the club will assist again this year. The party will be held on a date and place to be announced. The following committee will represent the club: Mrs. Paul F. Boller Jr., chairman; Mrs. Woodrow D. Crabbs, Mrs. Thomas E. Craig, Mrs. Robert Dillman and Mrs. Harold O. Gerrick.

CALL TRIP OFF

It was decided not to go on a shopping trip by bus this year. Instead, those interested in such a trip the last of next month, may go with the Silver Run Homemakers. A request was received for volunteers to assist the local police department at the square for a half hour with the school children each weekday morning. Those wishing to offer their services should contact Mrs. Daum. The president reported on proceedings at the meeting of the Adams County Federation of Women's Club which she attended on Wednesday afternoon at the Gettysburg YWCA. Mrs. Isaac Lehmer, conservation, and Mrs. Walter Dennison, vice president of the south central district, were the guest speakers.

New members welcomed into the club were Mrs. Harold O. Gerrick, Mrs. David F. Crouse, Mrs. James Wolf and Mrs. Lester Tuttle. Dutcher, Mrs. Kenneth Lemmon, Mrs. Gary Mummert, Mrs. Thomas Gouker, Mrs. Donald Collins and Mrs. Carl Wantz.

Supreme Court Will Take Another Look At Prayers, Bible Reading In School

By JERRY T. BAULCH
WASHINGTON (AP) — The Supreme Court may clear up by next July some of the confusion over what prayers, if any, may be said in public schools or whether Bible verses may be read in the classrooms.

Those questions were not answered in last June's historic decision declaring unconstitutional a prayer supplied by state officials for use in New York State public schools. Many people interpreted this as an outright ban on prayer in the schools and it brought one of the angriest public outcries the court has faced in recent years.

CLERK SPEAKS OUT

A few weeks ago Justice Tom C. Clark departed from the custom of justices not commenting on the court's rulings and expressed dismay at what he called misunderstanding. All the court decided, he said, was that government cannot take part in the establishment of religion. It was a 6-1 decision and Clark joined in the majority view.

The high tribunal agreed this week to tackle once more this emotion-laden issue of separation of church and state. Specifically, the court will hear sometime in the months ahead appeals from two lower court decisions.

PENNSY APPEALS

One appeal is by Pennsylvania officials from a decision by a three-judge federal court that the state law requiring Bible reading in public schools violates the U.S. Constitution.

The other appeal is by an atheist mother of an atheist son who contends that a Baltimore, Md., school board regulation calling for opening of school each day with Bible reading and recitation of the Lord's Prayer is unconstitutional. Both the Philadelphia and the Baltimore practices have been attacked despite the fact that children are not required to participate. They may be excused with written permission from a parent or guardian.

"LOSS OF CASTE"
Mrs. Madalyn E. Murray, whose son William J. Murray III is now in the 11th grade in Baltimore, told the court in her appeal that her son's nonparticipation in the exercise caused him "loss of caste with his fellows, (he was) regarded with aversion, and subjected to reproach and insult."

The board's rule says "each school, either collectively or in classes, shall be opened by the reading, without comment, of a chapter in the Holy Bible and or the use of the Lord's Prayer. The Douay (Catholic) version may be used by those children who prefer it."

MAY BE EXCUSED

This is somewhat similar to the Pennsylvania law, which reads: "At least 10 verses from the Holy Bible shall be read without comment at the opening of each public school on each school day. Any child shall be excused from such Bible reading or attending such Bible reading upon the written request of his parent or guardian."

Edward L. Schenck, a Unitarian living in a Philadelphia suburb, brought the suit on behalf of his children, who attended Abington Township High School. The answers to these appeals could have a greater impact across the nation than even last June's decision which focused on the New York prayer.

LLANDUDNO, Wales (AP) — Prime Minister Macmillan's government won overwhelming support from his Conservative party conference Thursday for taking Britain into the European Common Market.

Passionate pro-European speeches by Deputy Prime Minister Richard A. Butler and Deputy Foreign Minister Edward Heath called on Britain to accept her destiny and help lead Europe and the world to lasting peace and prosperity.

SIGNS TRADE EXPANSION LEGISLATION

WASHINGTON (AP) — President Kennedy signed into law Thursday the historic trade expansion bill giving him vast power to reduce most tariffs repeal others and forge economic links with the booming European Common Market.

Administration leaders hailed the bill as the crowning legislative achievement of Kennedy's first two years in the White House.

The new trade program received strong support from both parties and from leaders of business and organized labor.

HEART OF THE BILL

Opposition from protectionist groups was not as harsh as had been predicted, since the measure provides help for industries and workers when imports cause loss of business and jobs.

The administration was unable to block a provision that would restrict trade with Poland and Yugoslavia. But otherwise, Congress gave Kennedy almost exactly what he requested, plus additional authority to counter unjustifiable import barriers erected by other countries against American products.

The special authority to work out economic arrangements with the Common Market is regarded by the administration as the heart of the bill.

The booming six-nation area is looked upon as a potential vast new market for sales of American consumer goods and farm surpluses.

FIVE-YEAR PLAN

The six nations in the market are West Germany, France, Italy, Belgium, the Netherlands and Luxembourg. Great Britain is negotiating to become a member.

The bill extends for five years, to June 30, 1967, the 28-year-old reciprocal trade agreements law initiated by Secretary of State Cordell Hull in Franklin D. Roosevelt's first term.

It gives the President authority in negotiating new trade pacts to cut all U.S. tariffs by 50 per cent.

In addition, he may negotiate for the complete elimination of duties on items for which the United States and the Common Market account for 80 per cent of world trade.

LONDON (AP) — British women can expect to live 5.8 years longer than men.

A report by the registrar general's office shows a boy's life expectancy at birth is 68.1 years, a girl's 73.9 years.

POLITICS

Democrat

Republican

WILKES-BARRE, Pa. (AP) — Richardson Dilworth brought his campaign into Luzerne County today confident he's ahead of his Republican opponent in the race for governor.

In Williamsport Wednesday night Dilworth told an overflow crowd of some 500 at the county courthouse "we are now ahead and we are going to win, but we've got to work hard."

Only a day ago, Dilworth called the gubernatorial race with Republican William W. Scranton "neck and neck."

During his 20-minute address Dilworth was interrupted several times by applause as he charged the Republican leadership with ever clinging to the old way and asserting the trend must be changed. He received a standing ovation on his arrival and departure.

During a news conference Dilworth predicted he would carry Lackawanna County, Scranton's home county, and also Luzerne County by a large margin.

Dilworth had called the conference for the Williamsport area press, radio and television but none showed so he talked to newsmen accompanying him on his tour through the anthracite region of the state.

He said he would be happy to buy Scranton a top hat for the inauguration if the Republican carries Lackawanna County in the general election Nov. 6.

PHILADELPHIA (AP) — Sen. Joseph Clark urged voters Tuesday to elect a Congress that will help President Kennedy, "not ham-string him."

In remarks prepared for the opening of a campaign headquarters in suburban Upper Darby, the senator said, "I have been helping President Kennedy put his program through Congress. My opponent has been opposing him."

Clark is opposed for re-election by Rep. James E. Van Zandt, R-Pa.

The senator said Van Zandt has opposed "the Kennedy program to help metropolitan areas preserve open space." Clark said Van Zandt also opposed ways to solve mass transportation problems, housing and urban renewal, the \$1.25 minimum wage, the trade expansion program, college housing loans and the farm program.

"I have supported all these programs that Van Zandt is against," he said.

STATE COLLEGE, Pa. (AP) — The Republican candidate for governor, William W. Scranton, geared his campaign to higher education today for a tour of this university area.

His cavalcade to Pennsylvania State University followed by less than 24 hours his recommendation to the Governor's Committee of 100 for Better Education that a new state council of higher education be established.

Under Scranton's proposal it would "prepare a master plan for full utilization of our higher education resources."

OPPONENT "HYSTERICAL"

He also recommended that a system of community colleges be established to "provide the fundamentals of higher education—with out frills or fancies, but including the training which will give every student a chance to go as far as his native ability makes possible."

The education approach today was in sharp contrast to the candidate's appearance Wednesday night before a \$25-a-plate Dauphin County GOP fund-raising dinner.

He told a whooping, cheering crowd of more than 1,000 that Richardson Dilworth, his Democratic opponent, is becoming hysterical.

"My opponent claims he is an emotional man," said Scranton. "Maybe he is emotional, but occasionally he becomes hysterical."

Scranton termed Dilworth a candidate who is "literally whining and crying" in an effort to head off an investigation of alleged corruption in the Philadelphia City government.

Gale Pounds Pacific Coast; Foot Of Snow In Mountains

GOLD BEACH, Ore. (AP)—A fierce gale battered more than 1,000 miles of the Pacific coast Thursday taking three lives. The same stretch of coast braced for an equally strong storm today.

The fringe of the storm was expected to wash out the scheduled World Series game at San Francisco, where Weather Bureau forecasters said there was a 90 per cent chance of rain.

Forecasters said the storm front probably would reach Coos Bay, Ore., in late afternoon.

Wind gusts up to 90 miles an hour were recorded on the Oregon coast Thursday in the storm that stretched from Northern California to British Columbia.

DESTROY SCHOOL

The storm toppled a tree that killed a man near Snoqualmie, Wash. In Northern California an automobile ran off the road in blinding rains, crashed into a tree and killed a man and his wife.

Winds virtually destroyed a school near Gold Beach on the southern Oregon coast. Windows were broken and roofs ripped off a number of homes.

The storm so severely battered a radar station on 3,100-foot Mt. Hebo on the northern Oregon coast that the Air Force had to pull out its 50 men.

Fifty fishing boats were caught at sea off Northern California. Fierce winds whipped waves higher than 30 feet and sank one boat. The crew was rescued, some with Coast Guard assistance.

FOOT OF SNOW

More than a foot of snow fell in the inland mountains. There was extensive damage to fruit orchards from high winds. Telephone and electrical power lines were knocked down in scores of communities. Many schools closed. Heavy rains delayed potato harvests, Garberville in Northern California recorded 6.28 inches of rain in a two-day period.

REDSKINS ARE PICKED TO WIN OVER ST. LOUIS

By JACK CLARY
Associated Press Sports Writer

NEW YORK (AP) — What, oh, what has happened to the Washington Redskins of the National Football League? They still are unbeaten, having won three games and tied one.

Gone are the days of having one sure winning pick by figuring the "Skins to lose. Balance may be great for a football league, but it plays havoc on the selectors. Washington over St. Louis — If you can't lick 'em, join 'em, and 'Skins are for real. Norm Snead has poise at quarterback and team has balanced running, passing and no defense.

PACKERS AGAIN

Green Bay over Minnesota — Vikings own one of two TDs. Packers have allowed in four victories, and Green Bay wants that back.

New York over Pittsburgh — Giants' home opener last two years have been fiascos, but everyone is healthy, especially quarterback Y. A. Tittle.

Cleveland over Baltimore — Despite so-so pass defense that must face sharp-shooting Colts' Johnny Unitas, Browns too tough against declining Baltimore defense that must top both Jimmy Brown and

TESTIMONY ON CIGARETTES AND COUGHS

PITTSBURGH (AP)—A statement in which television entertainer Arthur Godfrey was questioned about Chesterfield cigarette commercials he carried on his TV show has been read at the trial of a suit that claims Chesterfields caused a Pittsburgh carpenter's lung cancer.

The sworn statement, taken in 1958, was placed in the record Thursday in U. S. District Court where Otto Pritchard, 64, is suing the Liggett & Myers Tobacco Co., the maker of Chesterfields.

GODFREY'S STATEMENT

In the statement, Godfrey was asked:

"On Dec. 17, 1952, Mr. Godfrey, on the program Arthur Godfrey and his Friends, do you recall coughing while smoking a Chesterfield cigarette and saying: 'Dog-gone, I've got to quit these things. They are killing me.'"

"It could have been," was Godfrey's reply. "I don't remember but it could have been. I can see Mr. Few (Liggett & Myers President Benjamin F. Few) coughing himself when he heard that."

A deposition by Few also was presented which quoted him as saying a test group of 30 Chesterfield smokers was studied by the firm of Arthur D. Little, under contract to Liggett & Myers.

In another deposition, Dr. W. J. E. Carroll, who examined the smokers for the Little company, said that four of the 30 persons had complained of coughs after smoking Chesterfields, but he had not reported this finding to the company.

passing of Jim Ninowski.

FAVORS LIONS

Detroit over Los Angeles—Lions are ready to be taken after tough game with Green Bay, but Rams still not stable enough to do the job, despite expected return of halfback Jon Arnett from injury list.

Philadelphia over Dallas — This will be a real swinger, but the edge goes to Sonny Jurgensen's passing against the Cowboys' young secondary.

San Francisco over Chicago — 49ers beginning to move and should turn tables on Bears.

OTHER CHOICES

Boston over Dallas—This one is tonight and the combination of Boston's concrete defense and the experience of quarterback Babe Parilli gives Patriots edge.

San Diego over Buffalo—Rookie John Had in the driver's seat now for resurging Chargers, while winless Bills still waiting for his predecessor Jack Kemp, to get his hand in shape to play.

Houston over New York — George Blanda has more to work with than Lee Grosscup of Titans, who must cope with injured knee that drastically limits mobility.

Denver over Oakland — The Broncos go rolling along at the top of the Western Division behind Franks Tripucka, who is rapidly closing in on first mile gained passing this year.

PHILADELPHIA (AP)—A request for \$1 million in public money to remodel commuter stations of the Pennsylvania and Reading Railroads brought protests from city councilmen Wednesday.

HUGE ESTATE DISTRIBUTED

HARRISBURG (AP) — The estate of Miss Mary Cameron, subject of a legal dispute between Dauphin and Lancaster Counties, has been settled three years after her death.

Judge Lee F. Swope of Dauphin County Orphans Court Thursday ordered distribution of \$1,526,031 remaining in Miss Cameron's estate to satisfy bequests to friends, relatives and charitable organizations.

Miss Cameron, who died in October 1959 at the age of 93, was a daughter of former U. S. Sen. J. Donald Cameron and a granddaughter of Simon Cameron, secretary of war in President Lincoln's cabinet.

Judge Swope earlier this year ruled that Dauphin County had jurisdiction in handling the estate although Miss Cameron had spent the last three years of her life in Lancaster County.

U.S. REGAINS TOURNEY LEAD

By ALAN CLINE

KAWANA, Japan (AP) — The United States regained the lead from Canada after the third round of the World Amateur Golf Team Championships today as good weather and good scoring returned to the picturesque Fuji course.

The Americans, defending the title they won in a runaway two years ago put together a three-man team score of 211 for the day and a three-round total of 649 to lead the surprising Canadians by two strokes.

Great Britain, paced by Mike Bonallack, took over third place from New Zealand by a 658-660 margin. Scoring is strictly on a team basis with the three low scores each day counting towards the team's total.

Dick Sikes the lanky University of Arkansas senior who has won the U.S. Public Links title twice, posted his second sub-par 69 in three days over the 6,587-yard, par 70 Fuji course to pace the American team.

Former U.S. Amateur Champion Deane Beman of Bethesda, Md., bounced back from a wretched 80 on Thursday's rain and shot a par 70. Billy Joe Patton of Morganton, N.C., and Iabron Harris Jr., the U.S. Amateur Champion from Stillwater, Okla., both had 72s.

Island Republic Making Progress Against Castro And Hard Core Communists

By WILLIAM L. RYAN
AP Special Correspondent

SANTO DOMINGO, Dominican Republic (AP)—"My girl and I want to get married," young Ricardo Gil Morales said earnestly. "But my country comes first. There will be some fighting to do."

Violent trouble may be coming soon. It must be met before young men like Ricardo can turn their attention to binding up the wounds inflicted on their nation of 4 million people by 30 years of dictatorship.

"But you can see the hope in their eyes now," says Newell Williams, energetic administrator for the U.S. Alliance for Progress in the Dominican Republic.

HAS GOOD START

This is one country where the alliance seems to be off and running. It seems within reaching distance of its first significant victory in Latin America over communism and Castroism.

The extreme left will not take this lying down. The tough hard core of the Castro-Communists numbers perhaps 70,000 members, disciplined and well organized. Its intention obviously is to throw the little Caribbean nation into violent confusion in advance of national elections scheduled for December.

Communists are believed smuggling arms and ammunition from Cuba to use in a battle to prevent the Dominican Republic from getting on its feet.

OUTNUMBERED REDS

"But with or without guns," young Ricardo said, "we will beat them. They have been making most of the noise, but we outnumber them and we are going to make some noise ourselves."

A new slogan is "Basta ya!" Roughly, that is the equivalent of "Knock it off and get to work." It was the rallying cry shouted to huge crowds in Santo Domingo's Independencia Square last July after violent rioting. It came from Dr. Viriato Fiallo—a physician-philosopher who is running for president under the National Civic Union banner. The chances are he will be elected in the December voting, but there are big problems ahead.

Dr. Fiallo says he is confident that, with the new impulse created by the vigorous U.S. aid program, the Communists will be beaten back.

WAS PERSECUTED

"That impulse is as great for us as the Marshall Plan was for Europe, because we are such a small country, and the force of the program is that much stronger," says 67-year-old Dr. Fiallo, who suffered prison and persecution under the dictatorship of the late Rafael Trujillo.

The Alliance's success thus far has been the more notable because it was accomplished in cooperation with a governing seven-man council. The fact that the council, with all its varying viewpoints, worked at all was a source

of astonishment.

"If this country is given another year to work out its problems and get things moving, it will have it made," says Williams.

SEE IMPROVEMENT

In the brief time the Alliance program has been in operation there has been noticeable improvement in the economy and standard of living. People are eating more and better. A housing program involving self-help has caught on and captured imaginations.

But, says Dr. Fiallo, everything depends upon establishment of order and political stability, and that will not be easy. The forthcoming elections have drawn 25 political parties. Most are fly-by-night affairs. Only two are really in the contest for the presidency. The main opponent of Dr. Fiallo's UCN is the PRD—the Dominican Revolutionary Party, headed by Juan Bosch and somewhat more to the left.

SIGNING OF PENSION BILL PEACE GESTURE

By JACK BELL

WASHINGTON (AP)—President Kennedy's action in signing a self-employed pension bill was widely interpreted today as a peace gesture to the doctors who opposed his program of health care for the elderly.

Kennedy has been depicted as reluctant to let the measure become law. It permits self-employed persons such as doctors and lawyers to set up tax-eased pensions for themselves and their employees.

The fact that the President wasn't very pleased with the bill seemed to be substantiated by his silence in signing it. The usual White House statement and ceremonies which accompany such actions were conspicuously missing.

POCKET VETO

Reports of the President's reluctance were so widespread that Sen. George A. Smathers, D-Fla., sponsor of the bill, contributed his efforts toward keeping Congress in session so the measure could be pocket-vetted.

When Congress is meeting, a bill becomes law without the

President's signature if he does not sign or veto it in 10 days. If Congress is in adjournment, a President can kill a measure simply by not acting on it in 10 days. Midnight Wednesday was the 10-day deadline for the self-employed bill.

Kennedy has been represented as being angry at the doctors who joined in the campaign that ended in Senate defeat of his proposal to finance health care for those over 65 through Social Security taxes.

DOESN'T LIKE BITE

He also obviously doesn't like the \$115-million bite the self-employed pension plan will make in yearly Treasury revenues.

But sponsors of the measure had argued with him that giving the doctors something most of them want might help ease their opposition to his general program, if not to the health care item.

And he was reminded that a lot of lawyers, farmers, barbers and small business men are self-employed and would like to have a tax break which would help them lay away something for a rainy day.

Senate Republican leader Everett M. Dirksen of Illinois, one of the chief sponsors of the bill, said he thought Kennedy was caught in a set of circumstances in which he couldn't afford to veto the bill.

WILL DEVELOP CODORUS CREEK

YORK, Pa. (AP)—An \$18.7 million program for development of the Codorus Creek Water Basin to provide for the long-range water needs of the York and Hanover areas has been disclosed by the state Forests and Waters Department.

The detailed proposal, two years in the making, was unveiled Wednesday night by Forests and Waters Secretary Maurice K. Goddard at a meeting of York County business and political leaders.

It calls for immediate construction of two multi-purpose dams, a single-purpose water supply res-

ervoir, enlargement of an existing water supply reservoir and development of underground water resources at seven communities.

Future plans provide for pipeline and pumping facilities—to be constructed sometime after 1963—to channel needed water from the Susquehanna River and to develop ground-water sources.

"These plans are designed to

dove-tail with eventual plans for the development of the entire Susquehanna River Basin," Goddard said, adding:

"In selecting the projects which are included in this plan, water supply requirements were the primary consideration, followed by recreation and low-flow augmentation.

"Funds for these projects would be provided by the local companies, agencies or government units receiving the benefits."

POSTAGE GOES UP; SALARIES WILL INCREASE

By JOHN BECKLER

WASHINGTON (AP)—President Kennedy Thursday signed a bill raising postage rates and boosting salaries for more than a million federal employees.

Kennedy hailed it as an important step toward putting the postal system on a self-sustaining basis and making federal jobs more attractive.

Among the changes: First class mail will cost five cents, air mail eight cents beginning next Jan. 7.

With legislators who worked on the bill and representatives of postal unions watching, Kennedy put his signature to the legislation in his White House office as the first item on his day's schedule.

"BROAD REFORM"

Kennedy, reading from a statement, said the new postal rates would bring in additional annual revenue amounting to \$600 million.

The new law provides "broad reform" and flexibility in postal system salaries and puts them at a level which would help to prevent large-scale "attrition to private industry," he said.

Kennedy said the salary increases would help attract more capable people into federal employment and contribute to better productivity.

The legislative package signed into law combines two of Kennedy's major legislative proposals—

ervoir, enlargement of an existing water supply reservoir and development of underground water resources at seven communities.

Future plans provide for pipeline and pumping facilities—to be constructed sometime after 1963—to channel needed water from the Susquehanna River and to develop ground-water sources.

"These plans are designed to dove-tail with eventual plans for the development of the entire Susquehanna River Basin," Goddard said, adding:

"In selecting the projects which are included in this plan, water supply requirements were the primary consideration, followed by recreation and low-flow augmentation.

"Funds for these projects would be provided by the local companies, agencies or government units receiving the benefits."

A Bit Of History About Early Settlers

By B. F. M. MacPHERSON

THE FIRST TRIAL OF JOHN COYLE JR.

The first trial of John Coyle Jr., the self-confessed murderer of Emily Myers, was held at York, Pennsylvania, in October of 1881. The murder took place on May 30, 1881. After a jury was sworn in both sides prepared to fire their opening guns and the parade of witnesses began. The testimony and evidence as given at that time, taken from the Court records and newspaper accounts was, in substance, as follows:-

The mother of the prisoner and other witnesses were called and testified to the confession of John Coyle Jr. that he had shot Emily Myers and then had attempted (in a half-hearted manner, it must be confessed) to kill himself.

According to a story which appeared in the "Hanover Herald" (October 22, 1881) the victim of young Coyle's infatuation was "an attractive young girl who resided with the prisoner's parents and with whom John Coyle Jr. became enamored. His addresses were constantly repulsed, notwithstanding the many threats made upon the young woman's life. Finally on the 30th of May last Coyle followed Emily Myers to the stable, and, being again refused, shot her through the heart. He Coyle then inflicted two slight wounds upon himself with the same weapon. As he confessed the murder when arrested, the defence will undoubtedly be insanity. About seventy witnesses are to be heard at the trial."

FIRST WITNESS

The first witness to be called by the defense was the aged mother of the prisoner, Mrs. Mary Ann Coyle. She stated that she lived "in Hellam Township, York County, at the River, and was the mother of John Coyle Jr. — Emily Myers was employed by us as a hired girl and was living with us on May 30 last. Saw her (Emily Myers) at five o'clock that morning. At that time she got up and dressed herself and went out of the room. At that time she (Emily Myers) was in good health. Did not see the girl again until she was dead. She

slept in my room with me. My son slept in another part of the house.

"After Emily Myers left my room to go about her early morning work I heard a noise as if someone was knocking an axe on a board — there were three such sounds. I went downstairs and called for Emily but got no answer. A few minutes later I saw my son John who told me, 'You needn't call Emily, she is dead.' My son afterwards told me that the girl had ruined him and set him crazy. He (John Coyle Jr.) went out to the stable to see if she (Emily Myers) was not going to be as good as her word; she had promised to marry him. When he asked her for the last time if she would marry him the answer was a refusal. With that he shot her and then shot himself. He told me she never spoke after the shot was fired."

"I first saw my son, after the shooting, when he came to the upper entry door. I was calling Emily and he came and told me what he had done."

"LOOKED FRIGHTFUL"

"He (John Coyle Jr.) at that time looked frightful, eyes large and glaring like fire — haggard and wild looking — like someone who was crazy. Blood was running out of his ears and down over his breast. He told me that he had shot himself twice, once in the head and the second time back of the ear."

"I went around to the back part of the house and called my husband. My son told me that Emily was in the stable — dead. The next time I saw Emily Myers was when her body was brought into the house by the jury."

Mrs. Coyle's testimony gives a graphic picture of the murder itself and the events leading up to it and those which followed. It is quite evident that she blamed the unfortunate Emily Myers for her son's predicament and her evidence could not be called unimpeached.

2. Second Witness — Frank J. Magee, Esq.

"I reside in Wrightsville, York County. I held an inquest on the body of Emily Myers. Found the

Nearly 100 Jewish chaplains in today's armed forces mark a century of dedicated service to God and man this year.

In 1862, President Abraham Lincoln signed into law an act which for the first time included rabbis among the chaplains for America's fighting men.

The first to enlist was Rabbi Ferdinand L. Sarnier of Rochester, N. Y., who served with the Federal Army's 54th Volunteer Regiment. At the battle of Gettysburg, Chaplain Sarnier was badly wounded, his horse shot from beneath him.

Saluting the proud tradition which Chaplain Sarnier began, President Kennedy said the 100 years of the Jewish chaplaincy "have been marked by service, devotion and valor."

U.S. ECONOMY DIP IS BLAMED ON NEW CARS

AP Business News Analyst

NEW YORK (AP)—That fever chart of the American economy—retail sales—has disappointed the optimists again. Totals dipped in September for the second month in a row. They have been bobbing up and down since April.

That the chart zigged in August and September, when many looked for it to zag, is generally blamed on auto sales. The model changeover season and the lower than usual stocks of the older models on dealers' hands may have led to the dip. Detroit, at any rate, says the new models are attracting good sales.

Optimists still are confident retail sales will turn upward significantly this month and next. But the late spring dip, the mid-summer lull, and now the late summer and early fall slump have merely added to the general uncertainty about the general economy's course.

SALES ARE AHEAD

Sales are well ahead of a year ago. But the failure to keep a steady upward course and pace has worried merchants and dealers—a class prone to worry in the best of times.

Making it more disquieting for them, the zig-zagging has been confined largely to durable goods. Sales of soft goods have mostly stayed good and usually on the increase.

Americans are inclined to take the sale of soft goods for granted. They are used to judging good times from bad by the amount of purchases of durable goods—the autos, household appliances and the like which American families buy to improve their standard of living.

FRET ABOUT FUTURE

And laggard sales of hard goods when personal income totals have gone on rising are taken by many to indicate a worry by consumers over their future.

Various polls of consumer opinions and intentions have denied that any such feeling now exists. Consumers are said to be cautious but far from really worried about their future.

Then why the lag in sales of durable goods?

One school of thought is that Americans bought so many gadgets in the 1950s that the demand has slackened naturally and is now confined to an important degree to replacements and to those whose incomes are expanding and bringing them into the still growing middle income class.

Manufacturers striving mightily to bring out ever more advanced models naturally deny there is any such saturation.

HARRISBURG (AP)—A Williamsport firm has submitted the apparent low bids on General State Authority construction projects at Pennsylvania State University and Selinsgrove State School.

The firm of Joseph L. Lecce Inc., submitted unofficial low bids of \$30,400 for the fourth phase of utility expansion at Penn State and \$57,700 for a voice reporting fire alarm system at Selinsgrove.

The Penn State project includes installation of switchgear, conduit, wiring and related equipment at the power plant; underground electrical cable and necessary controls, and replacement of aerial conductors, lightning arrestors and switches along park road to remote farm buildings.

DECLARE WAR ON CUBAN AID

NEW YORK (AP)—A Cuban exile group which calls itself Alpha 66 announced it is declaring war, effective Thursday, on all ships carrying supplies to Cuba.

The announcement was made by Antonio Veciana, 35-year-old leader of the group which says it carried out a raid on Cuba's north coast Monday. He is a certified public accountant in San Juan, Puerto Rico.

Veciana made the statement in a broadcast from San Juan for the American Broadcasting Co.

He said attacks will be carried out on any and all vessels, not just those from Iron Curtain countries.

Veciana gave ABC some details on Monday's reported raid on the Cuban port of Isabella de Sagna, 150 miles east of Havana.

He said his force of 30 men inflicted 20 casualties on what he termed "the enemy." Veciana said the casualties included both Russians and Cubans.

His force, said Veciana, suffered five casualties. He declined to say whether they were killed or wounded.

Veciana said the Puerto Rican-based Alpha 66 plans to carry out another such raid within the next two weeks and two more by the end of the month.

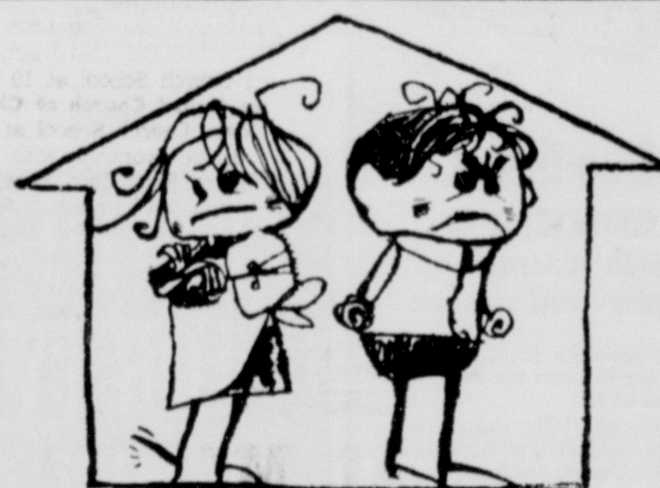

WARSAW, Poland (AP)—Rescue crews still searched for victims Thursday in the wreckage of two international express trains that collided in a fog, killing at least 34 persons and injuring 67 others.

MOSCOW (AP)—Pravda reported today that more than 500 cattle are starving outside a Siberian meat packing plant because of poor organization by local officials.

PROTESTANTS AT VATICAN ARE QUOTED

By MARY CAMPBELL
NEW YORK (AP)—Three of the eight American Protestant delegates-observers to the 2nd Vatican Council have commented on council prospects in response to an invitation from a weekly Catholic newspaper.

Protestant delegates attend the council, which opened Thursday, at the invitation of the Vatican, to observe the deliberations and report to their own religious communities.

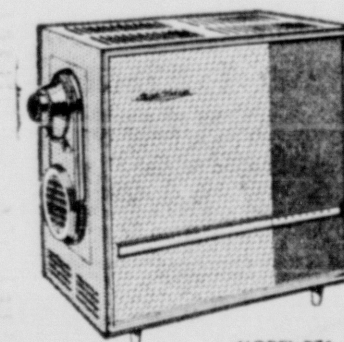

The Catholic Reporter, which had listed issues expected to come before the council and asked all eight delegate-observers for comment, published the three statements in full.

EXPRESS OPTIMISM

Concern with "a total disregard for moral standards everywhere" was expressed by Dr. Frederick C. Grant, one of three observers from the Anglican Communion. Dr. Grant added, "I believe the council will be—surely may be—one of the great turning points in world history."

Optimism also was expressed by Dr. J. H. Jackson, president of the National Baptist Convention, U.S.A., Inc., the largest all-Negro religious body in the world. "As a result of this conference I look forward to a greater fellowship and understanding between Protestants and Catholics in the world over."

world over."

Dr. Jackson is the only Baptist delegate-observer at the council. Dr. Albert C. Outler, professor at Perkins School of Theology at Southern Methodist University, discussed the council's possible effects on the ecumenical movement and said, "No matter what does happen, the ecumenical situation is bound to be altered significantly thereafter—for better or for worse."

Dr. Outler went on, "Most Protestants understand by now, at least, that formally speaking, this council is a family affair within the Roman Catholic Church. We realize that its effect upon the relations between Rome and the rest of the Christian community is largely indirect."

"But no one rightly doubts that those effects will be deep and far-reaching. They might, quite possibly, be epoch-making."

"What the world cries out for is a spiritual and moral awakening," Dr. Grant said. "And I for one rejoice that the great Roman Catholic Church, the largest communion in Christendom, is probably about to take the lead in such a movement."

Overdue Bill

(Continued From Page 1)

While we are reluctant to take legal action, we have no other recourse if all other efforts fail," the officers said.

Controller Donald Z. Wagner's report for the first quarter of the fiscal year showed earned income of the hospital to be \$225,254.01. Charity and bad debts for the period aggregated \$16,967.85.

Monthly expenses are averaging \$68,000 for the first quarter. September collections were \$71,000, including collection of old accounts, which fact enabled the hospital to earn discounts on its monthly bills.

NAMED TO STAFF

The directors, on recommendation of the medical staff, elected Dr. Allen J. Reed and Dr. James D. Sheen to the staff with privileges in dentistry and minor oral surgery.

On recommendation of Dr. Cadie, head of the anesthesia department, the directors authorized the purchase of a Fluotic vaporizer, a device to be attached to the anesthesia equipment for the specific purpose of administering Fluothane.

The new physical therapy department, now housed in the location of the old kitchen, cost \$1,071.05. This was considerably over the estimate but the difference was almost entirely due to the necessity of replacing overage electrical and plumbing facilities. Franklin R. Bigham, past president of the hospital, contributed \$500 toward this project when this work was authorized during his administration.

PARKING PROBLEM

A surprising note was introduced into the meeting during a discussion of the report of the building and grounds committee, of which Leo McDermitt is chairman. A survey, conducted by the committee, to supply an answer to the parking question at the hospital, revealed that substantial

part of the problem results from use of the lower parking lot as a parking center for people in car-pools going to their places of employment in Harrisburg and neighboring towns.

Recommendations of the committee to solve the parking problem for visitors at the hospital were necessarily deferred until those improperly using the parking area can be persuaded to desist.

The committee outlined a long-range program of revisions in the basement area that will supply needed facilities. Approval was withheld pending definite estimates on the cost.

In closing the meeting President Teeter said:

"I am most appreciative of the devoted work of the various committees and the interest being manifested by all of the directors. The administrator, the controller, every member of the staff and all of the members of the medical staff are working hard, and with real success, to meet the problems of the hospital. This sort of effort and collaboration reflects the pride every one has in the Warner Hospital and it reflects itself in the standard of medical treatment and hospital service that is available to the people in the area our hospital serves."

JFK PUTTING IN BUSY DAY IN CAMPAIGN

By WHITNEY SHOEMAKER
NEW YORK (AP)—President Kennedy rode merrily into the New York, New Jersey and Pennsylvania campaigns today.

At the outset he gave a special lift to Robert M. Morgenthau, the Democrat opposing one of his potential threats in 1964—Gov. Nelson A. Rockefeller of New York.

Morgenthau, who conferred and was filmed for television with Kennedy Thursday, looked for another assist as both moved into another whirlwind round of electioneering.

WOMAN WHO FLED GESTAPO IS MURDERED

PHILADELPHIA (AP) — A 42-year-old woman who was a Polish underground fighter during World War II was found hacked to death in her home Thursday. Police said the house was thoroughly ransacked but nothing was taken—\$1,400 had been left untouched in a drawer.

The victim, Mrs. Clare Kramer, 42, was found in the living room of the modern, \$15,000 row house in the Wynnefield Heights section by a daughter, Barbara, 15, when she came home from school shortly after 4 p.m.

Authorities said the weapon, which was not found, may have been a hatchet or meat cleaver. "SENSELESS, BRUTAL"

Mrs. Kramer was face down on a blood-drenched, plastic-covered sofa. There were six deep gashes in her head, any of which could have killed her, an autopsy report said. Dr. Joseph Campbell, assistant medical examiner, said

she had not been sexually molested.

"It was a senseless, brutal murder," said Inspector George Kroner, who took charge of the investigation and assigned all available detectives to the case. There was no sign of forced entry.

Despite the complete disarray of the house, police, searching for clues, found the \$1,400 in a brown paper bag which had been left untouched in a dresser drawer in the woman's second-floor bedroom.

DEAL SEVERAL HOURS

Police said the couple's other child, Rochelle, 7, came home from school at noon for lunch but found the door was locked. When her mother failed to answer her ring, Rochelle assumed she had gone out and the young girl ate lunch at a neighbor's house.

Barbara also found the door locked when she came home later but used a key the family kept hidden on the front porch to get in. When she discovered the body, she telephoned her father, Morris, who operates a grocery store in South Philadelphia.

Campbell said Mrs. Kramer was killed in mid-morning or early afternoon.

Neighbors said Mrs. Kramer was last seen about 8 a.m. when

ROOSEVELTS TOP KENNEDYS

CHICAGO (AP)—The Kennedys may be the first family in the land—but, numerically, they rank behind the Roosevelts, the Gambrells and the Rockefeller in the new edition of "Who's Who in America."

The immediate family teams: Rockefeller—John D. III, David, Laurance, Nelson and Winthrop.

Gambrells—Charles G. and William H., both vice presidents of New York banks; E. Smythe and Baltimore P., both lawyers in Atlanta; and Mary Latimer Gambrell, head of the history department at Hunter College.

Roosevelts — Eleanor, Elliott, Franklin Jr., James and John. Kennedy — The President and his father, Joseph, Jacqueline and Robert.

The publishers, in telling about the largest families among their biographees Thursday, said Edward M. (Ted) Kennedy can get into the book, too, if he gets elected to the U.S. Senate.

In the new 32nd edition, but not counted as Kennedys, are two brothers-in-law of the President, Peter Lawford and R. Sargent Shriver Jr.

Demonstrating new '63 Chevrolet truck features the hard way!

When we came to a river we got wet. This river bed was paved with rocks the size of melons. What a test for new light- and heavy-duty suspension systems this was!

Conventional light-duty units have coil-spring independent front suspension — easier on truck, load and driver.

New engines, suspensions, frames and narrower front ends show their stuff on Mexico's tough Baja Run!

With months of proving-ground tests under their belts, why did new Chevrolet trucks take on the rugged Baja (bah'hah) Peninsula? This is the toughest line of trucks Chevrolet has ever built. Sending them over the most punishing terrain in North America (a road totally unlike the fine highways on the Mexican mainland) was double proof of this fact. Frames, engines, suspension systems were subjected to stresses far greater than trucks normally encounter. You can be sure that trucks that can handle this kind of beating can handle any kind of work.
